sporty, spacious & hybrid

The all-new Arkana sports SUV looks like no other car in its class with its flowing lines and sleek coupé design. Sporty, Arkana also retains its SUV roots with ample interior space and generous boot space. The R.S. line trim with the E-TECH Hybrid powertrain embodies the best of what Arkana has to offer.

immersive pleasure

With its black roof, mixed leather/suede upholstery with stitching, leather* steering wheel, carbon-like dashboard with red trim and aluminium pedals, the cockpit of the R.S. line version exudes sportiness with a premium feel.
When it comes to driving, the multi-sense** system offers a choice of 3 driving modes and 8 interior ambient lighting for a personalised experience.

simply hybrid

The efficient E-TECH hybrid system combines two electric motors with a petrol engine. The electric motors can drive the car on short distances or support the engine, for example when you need extra power in acceleration phases. The car switches seamlessly between driving modes whilst the electric power is supplied by a small traction battery which recharges through regenerative braking and is located under the back seats.
This clever system allows you to reduce fuel consumption, enhances your driving experience with improved responsiveness.

spacious & practical SUV

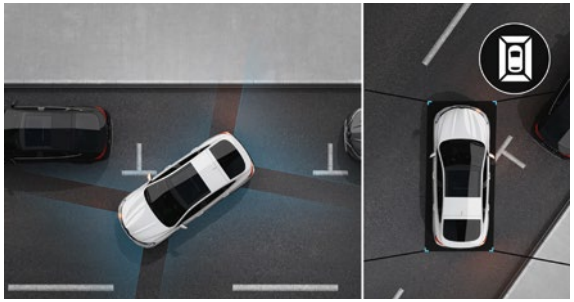

The all-new Arkana reinvents the class as a coupé with the space of a saloon. The 513 litres (480 litres on E-Tech hybrid) boot offers generous capacity and is easy to access with its large hatch door. Inside, there's plenty of space for everyone. At the rear, passengers can enjoy plenty of headroom despite the sloping roofline of Arkana thanks to a clever orientation of the back seats designed to maximise space and comfort.

RENAULT

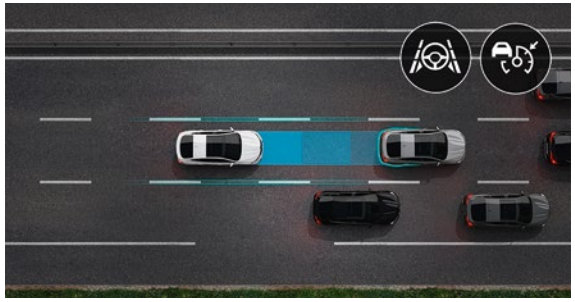

hands-free parking*

Parking made easy. Once the car has identified the parking space, it will park into it - all you need to do is control the throttle.

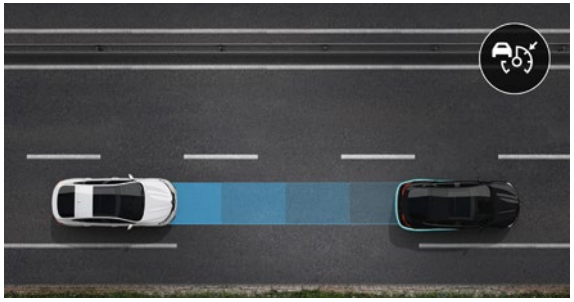

360° camera^

Four cameras that provide a 360° view of the vehicle's direct surroundings to guide you into the tightest spots.

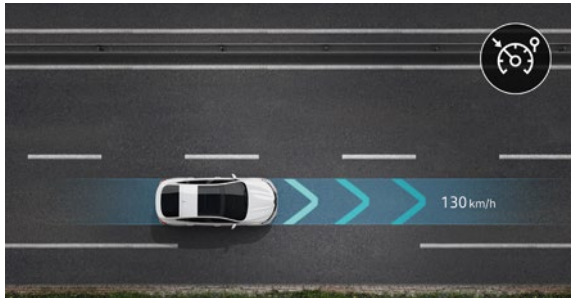

adaptive cruise control & lane centering**

Active from 0 to 100 mph, the system regulates speed and maintains safe following distances from the vehicles in front, while ensuring the car keeps in the centre of the lane. In traffic, it lets you stop and restart automatically within 3 seconds without any driver input.

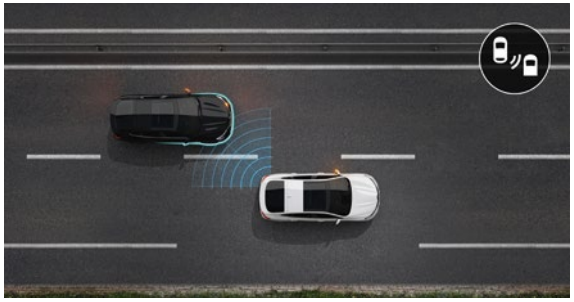

adaptive cruise control**

This cruise control will maintain a safe following distance from the vehicle in front with automatic inputs on the throttle and brakes.

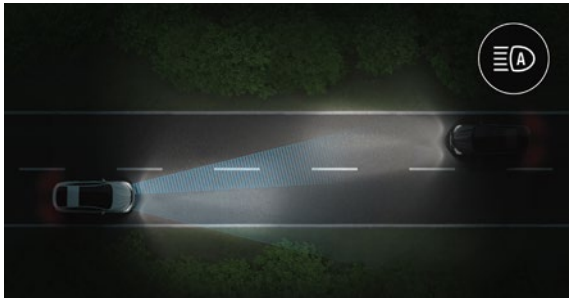

cruise control with speed limiter***

Control your speed while driving using the buttons on the steering wheel and set your maximum speed to ensure you stay within the limits.

blind spot warning**

A sensor will detect vehicles in your blind spot and will warn you via a light signal on your door mirrors.

automatic high / low beam**

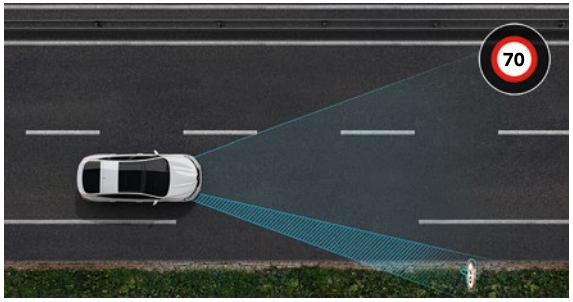

A camera positioned on the windscreen will detect the light flows and automatically switch from high to low beam when you enter a build-up area or cross another vehicle.

*Standard on R.S. Line. Optional within Parking Pack on S Edition.

^available later **standard on S Edition & R.S. Line ***standard across the range ****Optional on S Edition & R.S. Line

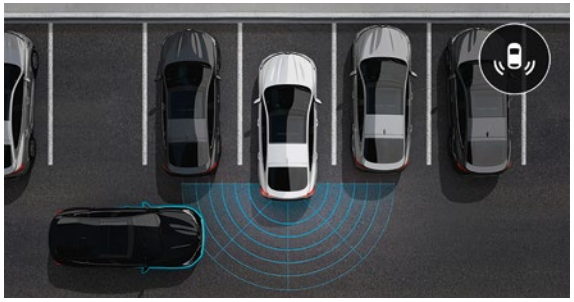

10 driving assistance systems

All-new Renault Arkana is equipped with ten innovative driving assistance systems. Your SUV promises you a resolutely safe journey.

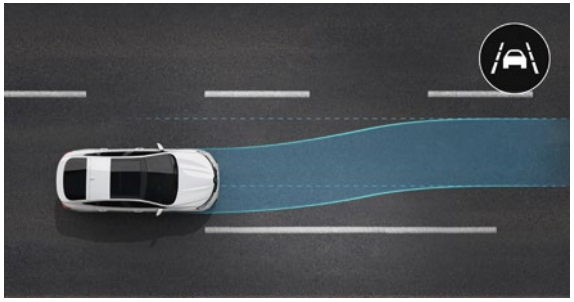

traffic sign recognition***

A camera will read traffic signs and display them in your instrument panel so you are always aware of speed limits.

rear-cross traffic alert**

A sensor will check vehicles you cannot see when pulling out of a parking space.

lane keep assist***

Alerts you and gently corrects your trajectory if your vehicle changes lane without signalling.

Renault services

5 Year Warranty

Your Renault car is covered by a warranty package for up to 5 years from date of first registration with unlimited mileage during the first 24 months, then limited to a total of 100,000 miles or 5 years, whichever comes first. Your Renault Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years◊.

3 Year Roadside Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer. This service is available 24 hours a day and is provided for 36 months from the date of first registration (unlimited mileage for first 24 months, then limited to a total of 60,000 miles or 3 years, whichever comes first). Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Renault Assistance applies to mechanical or electrical defects which are covered by warranty.

- Peace of Mind - No matter where life takes you, we'll be there in over 5000 workshops across Europe
- Renault Expertise & Quality - Our highly trained technicians know your Renault inside out

The EasyLife Service Plan contains Renault services in-line with the manufacturer's service schedule, plus comes with a complimentary vehicle health check to ensure your Renault is in the best condition possible.

EasyLife servicing and warranty enhancements also available. Refer to the Price Guide for more details.

One off* and monthly** payment options available.

Finance options***

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Renault car insurance1

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. Unlike most other UK insurers, in the event of an accident, Renault Insurance will have your Renault repaired at a Renault Approved Bodyshop using only Renault approved parts and approved repair methods. This maintains your Renault's safety rating, protects its resale value and preserves its Renault warranty^. Renault Insurance also offers a courtesy car for the duration of a repair at a Renault Approved Bodyshop.

the R16 icon

the first modern, hybrid family car with a tailgate

In the early 1960s, French people aspired to a better life, new comfort and greater autonomy. Renault was very attentive to these changes in behaviour and carried out an in-depth analysis of the new uses of the car. Alongside the saloon cars that make the brand so successful, there was a place for a more plush, modern, status-oriented vehicle. A vehicle aimed at a new target group of wealthier families who want to be able to travel on a daily basis and go away for the weekend with peace of mind.

A development team set out to meet this demand and gave birth to the R16. The look of the car, created by the visionary designer Philippe Charbonneaux, was astonishing in more ways than one at the Geneva Motor Show in March 1965: aerodynamic lines, no visible boot, sharp angles, a fifth hatchback door and large glass surfaces. The style was resolutely modern. The interior was no exception. The passenger compartment is light and airy, with plenty of room in the front and rear, and the 7-way adjustable seats allow the space to be transformed

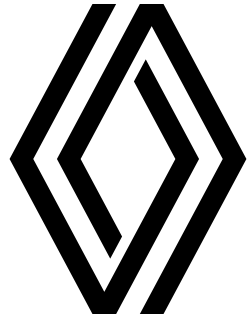

at will. On the technical side, designer Yves George also innovated: the engine block was made of aluminium, the closed cooling system had automatic ventilation, and the four-wheel independent suspension used torsion bars to ensure excellent road holding.

Innovative, original, on the borderline between a saloon and an estate car, hyper-functional yet affordable, the R16 was different.
A crossover before its time, the R16 was a real success both in terms of design and technology: certain features such as the electronic automatic gearbox, the sliding bench seat and the central door locking system were truly avant-garde. Avant-garde, a word that also describes all-new Arkana. The natural successor to the R16, this sporty SUV also shakes up the traditional codes. Emotion, dynamism and innovation have been passed down through the ages and, today as in the past, inject a breath of passion into life.

→ car of the year in 1966

→ nearly 2 million cars produced

→ sold for almost 15 years
